Adele

When two special people kiss during a moonlit night under a special tree that turns 100 years in precisely that moment, you can be certain that their future children will have special abilities. That's what dad always tells us when we sit next to the fireplace at night, cuddled-up in blankets, a hot chocolate in our hands. And those special children are we:
Henry, the twins Marlin and Marlene, Oskar, Blümchen, Lu and I, **Adele**.
