

A whimsical winter night scene. In the foreground, a sleigh filled with wrapped gifts is pulled by a fox. To the right, a large, decorated Christmas tree stands in a snowy landscape, surrounded by various animals including a bear, a reindeer, a rabbit, and a pig. The background features snow-covered evergreen trees, a starry night sky, and a branch with colorful ornaments and a squirrel.

LOLO

- by best-selling author
Sandra Grimm!

Going to kindergarten, getting ready for bed...everyday life with Lolo is fun!
Because LOLO's neither a boy who loves adventure stories nor a horse girl with a tendency to dive into love stories. Over centuries, these cliché topics served as bestseller guarantee. Today, they rather are out of fashion... Still, all Bestseller lists are led by stereotype books. That's why LOLO comes up as a genderless protagonist.

Without a present gender roe, kids can find their own place in our sophisticated society. LOLO grows up and experiences typical situations in everyday life. That's how all of us can put ourselves into Lolo's shoes and every child understands:

If Lolo can do it - I can, too!

Whether finding new friends in kindergarten, going to bed or being sick – LOLO can handle it. Of course, difficult challenges can be conquered, too. LOLO joins kids in growing up and experiences everything young kids do, a character every child can identify with. Short sentences and simple illustrations make following Lolo's little everyday adventures easy! Clear lines and sharp contrasts support children in capturing pictures and the stories behind – without being over-whelmed. Growing-up with Lolo is a breeze, no stereotypes or clichés to overcome!

Under the flaps (showing a dark room), the same scenery waits to be lighted! Kids recognize that normal everyday life items might cause fear in the dark. All the flaps help kids to get rid of this shakiness.

Created by monster pro and best-selling Frédéric Bertrand ("Scary Harry" / "Vincent"), this 'dark night' adventure is a child-oriented story full of wit. The special flaps are wakening children's wide imagination about darkness, get ready to find out! Surprises are waiting for you to... LOL!
(Have you already found your dad (+ your dog!) snoring in the living room, too? These two... an absolute joke!)

For everyone looking for modern pictures, telling a story that stills children's (3+) fear of darkness! Numerous double page flaps make you go 'Hide and Seek', playfully training motivity at the same time. Learn from brave unisex protagonists!

It is a piggy business

On a sunny day, old Farmer Kathi decides that the big farm family should celebrate life with Apple Pie. All animals immediately start licking their snouts, getting ready for the party. They share a really happy life. But Kathi feels it's time to have her last walk and say goodbye...

When she has left, her niece Claire is about to take care of the Big Farm Family: Gossiping duck at the next door, chit-chatting chicken aunts, always a bit blue uncle sheep, wise grandpa pig, good-tempered grandma cow and a naughty little cat sister. Plus, about to arrive: the newborn Donkey called **NO-NEVER-EVER**.

He's growing-up and from the beginning, he's a little stubborn. He's quite sceptical about following rules, but wins Claire's heart. Claire is a big city girl who absolutely has no idea of country life. However, she falls in love with **NO-NEVER-EVER** and his stable mates.

The thrilling world of Viruses and Bacteria – not all of them are evil!

At the beginning of this year, a little virus started conquering the world: Covid-19 suddenly dominated everyday life.

But what actually is a microorganism like a virus, a bacterium or a fungal?

Why do some people get sick due to them and others don't?

- Narrative Nonfiction: Microbiology explained for Kids

- Most up-to-date facts about a Contemporary Challenge: Comprehensive and entertaining!

- 3rd Pop Non-fiction title for Children by scientist and internationally best-selling author Karsten Brensing and TV journalist Katrin Linke!

- 'How Animals Think and Feel' was medalled as 'Nonfiction of the Year' (2019)

- Short chapters: Many photos, Info Boxes and encouraging illustrations

- DIY: Experiments and tests to try out! Yes, you can!

Terms like 'viruses', 'infection', 'vaccination' and 'immunity' need to be learned and understood, they will be going along with us for some time to come... And that's why there's no way around making kids understand. Why are microorganisms important to virtually all processes on Earth? By doing simple tests, kids can experiment on their own and understand what microbiology means.

Microorganisms matter because they affect every aspect of our lives – they are in us, on us and around us. Find out how these little living things can change our life. And how we can control them!

Ruby Fairygale

"Ruby Fairygale" is an imaginative and charming series, revolving around the topic of friendship with a pinch of magic and lots of humor. A touch of destiny and vanilla blows around the nose of 13-year-old Ruby as her life on remote Patch Island gets mixed up. Basically, a gooseberry tart is to blame (or rather the lack of chocolate for the usual chocolate cake on Tuesdays?).

On a small island near the west coast of Ireland, Ruby was washed up on as a baby and found by Cleo Collins, her Nana. Nana does not believe in coincidences and knew right away that Ruby must have come to her for a reason. Ruby's life is adventurous, heart-warming and full of fantasy. With her loveable Nana, she lives on this gloomy, stormy island and all its Irish legends (true stories!). Mermaids, fairies, goblins can see Nana if they are injured... But only Ruby and Nana know about all mythical creatures around. And they keep their secret! Until one day, the utterly grumpy Noah turns up...

"An incredible setting, a magical atmosphere, unique characters and an exciting story. The book is full of magic and fantasy and addresses important topics and values like friendship, sticking together and trust."

What happens in Ruby's third adventure...

All of a sudden, Ruby is confronted with a completely changed life. When she finds out that she is a Pooka, she has to accept that she also is a mythical creature. Her fascinating talent to turn into an animal and being able to talk to them tells of trouble with other mythical creatures. Pookas, like Ruby, should not be trusted! That's why no creature comes to see their doc, they take off as soon as they hear about Ruby's gift - even though a mysterious disease infects the mythical creatures.

Ruby decides to take the opportunity to search for her parents, together with Noah. She must find her parents to regain the trust of the mythical creatures - after all, the fate of the magical world depends on whether she succeeds ... because the disease is spreading.

Stand up for what's important to you:

Brave and strong kids can make a difference!

A new detective series for kids that offers just the right amount of suspense! The story is set in Brazil where street boy Pablo and European immigrant Ximena reveal that powerful people are about to destroy Manaus, right in the middle of the rain forest. Their third team member: a straying dog they call Dog. The young detectives get active about the imminent Climate change! Absolute reading entertainment and adventure - by guarantee!

BEING LEAD THROUGH THE STORY BY CHAPTER 'PITCHES'

BY A BESTSELLING STORYTELLER!

Antonia Michaelis worked in India, Nepal and Peru and lived in Brazil as well. She is very well-aware of the political conditions - and Brazilian society struggles. Being a highly popular author, she won the Batchelder Honor Award and was nominated for the German Youth Literature Award as well as the Buxtehuder Bullen. Her books have been published in 11 languages.

How the plan is made and action begins...
Ten-year-old Pablo lives in the old ruins of villa in the middle of Manaus, he dreams about becoming a true adventurer - there must be something waiting for him in the broad expanse of the jungle. So, when a friend disappears - he and Ximena need to find him! She has a thirst for adventure, too - Ximena is bored (to death!) in her grandfather's mansion. Miguel joined students and their protest against a reservoir dam, for lots of money and power.
They follow a lead bringing them to the middle of the Rain Forest. A dangerous territory! Joined by a stray dog (called Dog). And Davi, who knows the Amazonas like the back of his hand. All of them are determined to find Miguel, save the forest and the future. That's why they need to outwit the adults behind the shady plans: They won't let the clearing of the forest and the flooding of the area happen. For Pablo, Dog and brave Ximena it's time to enter a boat and get into the thickly forested jungle...

Saga of the Silver Sea

The search for identity, belonging, tolerance. Obviously full of joy, award-winning author Katharina Hartwell creates her Silver Sea and Farland. Narrated visually stunning, conjuring an epic fantasy. A work of art, taking you on the journey of lost 6-year-old Edda, searching her brother Tobin and herself. An immersive story about a strong heroine unlike any other. In a world full of parables, bizarre beings and amazing adventures. Joining this journey brings every reader on a way of involvement.

"An absolute highlight of this season."

This epos has many beginnings... telling the story of an outsider on her captivating way through an unknown kingdom of fabled islands up in the North.

HIGHLY AWARDED AUTHOR!

"The narrative ton and tempo is rather quite, it rather the mystical atmosphere than action and sabre-rattling battles that makes this high fantasy so special. And this young heroin set off to the Unknown is not forgettable."
Kai Meyer

"Katherina Hartwell looks for Poetry in the Fantasy Genre and she finds words that give you an utterly unique beauty to the world she created."

Cold weeks are coming.

Fear and anxiety spread over the small fishing village Colm. Another child disappears. Every year. They said it was the King of the Silver Sea who takes them. The search for the lost children continues and none of the vanished has ever been found. Edda will not let her brother go. She is the first one searching for the abductor. Certain to stand up to the frequently invoked 'King of Crows'.

A future without us:
A well-designed virtual chamber
play – no sets, no material, no
human.

Human beings are imperfect, but
machines never make mistakes.

After his mother's death, 17-year-
old Vincent is rated at the lowest
level in the social system: Double
C. Vincent and his father lose their
house. By trying to solve the riddle
of his mother's death, a former
computer programmer, he
discovers that A.I. has upgraded
its consciousness far beyond
human's understanding. And it is
the A.I. which is controlling the
social grading system with the
believe: All the organic elements
are out-dated, including living crea-
tures and human beings.

This invisible flawless plan
has been long undertaken.
