Lolo has:

- Topics, that meet the level of development of toddlers aged 18 months and up!
- Clear shapes and contrasts, no mental overload to fear!
- No (old-fashioned) gender role!

Going to kindergarten, getting ready for bed... everyday life with LOLO is fun!

Because LOLO's neither a boy who loves adventure stories nor a horse girl with a tendency to dive into love stories, LOLO comes up as a genderless protagonist.

Without a present gender role, kids can find their own place in our sophisticated society. LOLO grows up and experiences typical situations in everyday life. That's how all of us can put ourselves into Lolo's shoes and every child understands: If Lolo can do it - I can, too!

Zum Glück habe ich den Jungen von Anfang an im Auge behalten und prompt auf frischer Tat ertappt! **MANN** macht der Typ eine Welle! Ich beobachte den Jungen: Der ist doch kein Schwerverbrecher! Sträubiges Haar, ähnliche Fell-**ÄH**... Haarfarbe wie ich und das Gesicht voller Sommersprossen.

Er bemüht sich, cool auszusehen. Aber mich, also meine Nase, kann man nicht täuschen! Ich schnupper: Der Junge hat **ANGST**. Er würde sich am liebsten in Luft auflösen. Kein Wunder, der Verdächtige tut echt so, als hätte der Junge eine Bank überfallen! Dabei geht es nur um ein paar einfache Kopfhörer.

PEPPER

WOOF! Before talking about my favourite sausage, let me introduce to you our team! I am Pepper. A real cop dog.

(Well, a soon-to-be one).

But a really good one, I am telling you!

Many call me inspector already, Inspector Paw (sounds really nice, doesn't it?)

PAUL

That's my partner Paul, a really good cop and he's so nice!

Paul controls order and protection and we're a top team! Seriously: For Paul, I'd go all-out with my (small) sausage stock. So would he. Let's paw on it!

Macht nichts, meine Vorstellung wirkt auch so! Mit Riesenschritten stürmen die beiden Jungen auf eine Mauer zu und ziehen sich danach kräftig an.

WUFF! WUFF! Ich belle sie von unten kräftig an.

Jetzt hat Janik uns erreicht. „Ruhig, Pepper!“, ermahnt er mich. Sofort stelle ich mein Bellens und Knurren ein, setze mich brav auf die Hinterbeine und blicke Janik unterwürdig an. Er nickt mir zu. „Braver Hund!“

Ich muss sagen, Janik beherrscht das Herrchen-und-Hund-Spiel ziemlich gut. Ich bin beeindruckt. Und die beiden Poppen sind oben auf der Mauer erst recht!

„...ist das dein Hund?“, fragt Leander verdutzt.

„Ne“, Janik tätschelt meinen Hals. „Pepper gehört meinem Freund Paul.“ Janik macht eine kleine Pause, bevor er weiterspricht. „Paul ist Polizist und er fand es gar nicht gut, dass ihr mir gedraht habt.“

Marisa MERMAID

Ein entdeckte Marisa, was Hans meinte. Auf dem Sandstrand grünen Seegrasbüscheln blühten, so weit das Auge reichte, wenig kleine farbenreiche Steine.

„Süßermeerschweinchen“, hauchte Marisa am Stück. War hinter Meerschweinchenblick genauso wie ihrem Delfinfreund.

„Sind die nicht süß?“, quetschte Hans Marisa neben einem der Meerbüschel Seegrass behutsam auf ihre Fingerspitze. „Da bist wohl gerade eine ganzlich kleinen Seestern. Schade, dass du nicht...“

„Ja, es schau...“
schautete sie gleich ab. Da der verschluckt...

„Stopp!“, rief Marisa plötzlich und ließ sich von Hanses Rücken gleiten. Das Meerstückchen hatte etwas entdeckt.

Es hat eine wunderschöne Muschel auf und hat sie sich aus dem...

„So wie die...“
Nah sich das Meer von der anderen Seite aus...

„...“, flüchelte sie verneinend. Sie musste sofort wieder um die achte Zeit mit Ananas denken und lachte vor sich hin.

„Dennmal kommt du in deiner Küche, kleines Meerstückchen. Jetzt aber ab nach Hause!“, schreute Hans. „Wenn wir auch länger sein können, hat du morgen womöglich noch Kapselwasser und es wird nichts aus diesem schönen...“

„Ponybestenzeit!“
Schnell wie der Wind, der über das Meer wehte, schoss Hans mit Marisa auf dem Rücken zurück zur Emmerde.

Antonia Michaelis worked in India, Nepal and Peru and lived in Brazil as well. She is very well-aware of the political conditions - and Brazilian society struggles. Being a highly popular author, she won the Batchelder Honor Award and was nominated for the German Youth Literature Award as well as the Buxtehuder Bullen. Es war die Nacht, als die Villa verbrannte. Ich konnte nicht schlafen. Ich war immer noch ganz klein und hatte keine Ahnung, was das für ein Schicksal war. Die Flammen sahen aus wie riesige, schwarze, hungrige Hände, die mich umschlangen. Ich hörte Schreie und Lachen, aber ich konnte nicht verstehen, was es bedeutete. Ich war so einsam, so verloren.

Ich war so klein, so hilflos. Ich wusste nicht, was ich tun sollte. Ich wollte nur weg, nur fort von diesem Ort, von diesen Menschen, die mich umgaben. Ich wollte nur leben, nur glücklich sein. Ich wollte nur sein.

ZEHNTES KAPITEL.
 Ich war so glücklich, so glücklich, aber ich wusste nicht, dass ich nicht glücklich sein konnte. Ich war so glücklich, aber ich wusste nicht, dass ich nicht glücklich sein konnte. Ich war so glücklich, aber ich wusste nicht, dass ich nicht glücklich sein konnte.

Ich war so glücklich, so glücklich, aber ich wusste nicht, dass ich nicht glücklich sein konnte. Ich war so glücklich, aber ich wusste nicht, dass ich nicht glücklich sein konnte. Ich war so glücklich, aber ich wusste nicht, dass ich nicht glücklich sein konnte.

AS AN AUTHOR, KATHARINA HARTWELL STARTS DEBATES: "For me, FANTASY means bringing up socio-critical topics: Power and Society, Instruments of Repression, Isolations. It's all about Politics. Think about 'The Hunger Games'."

LITERALLY
WELL-REVIEWED!

« This story has many beginnings.

It starts with a map that doesn't stand still,
with a ship that doesn't touch the sea and with
an armour out of silver shed.

It starts with two dolls out of wood, a night-black
feather and a bird in the bones.

It starts with two witches and a man without
any colour.

It starts with a lie.

It starts in the grey, the blue, the silver
and the tarblack sea.

It starts with the Cold Weeks, with the fishers
who don't trust the sea and the lost children of Colm.

First of all, it starts with a girl. »

A future without us:
A well-designed virtual chamber play
– no sets, no material, no human.

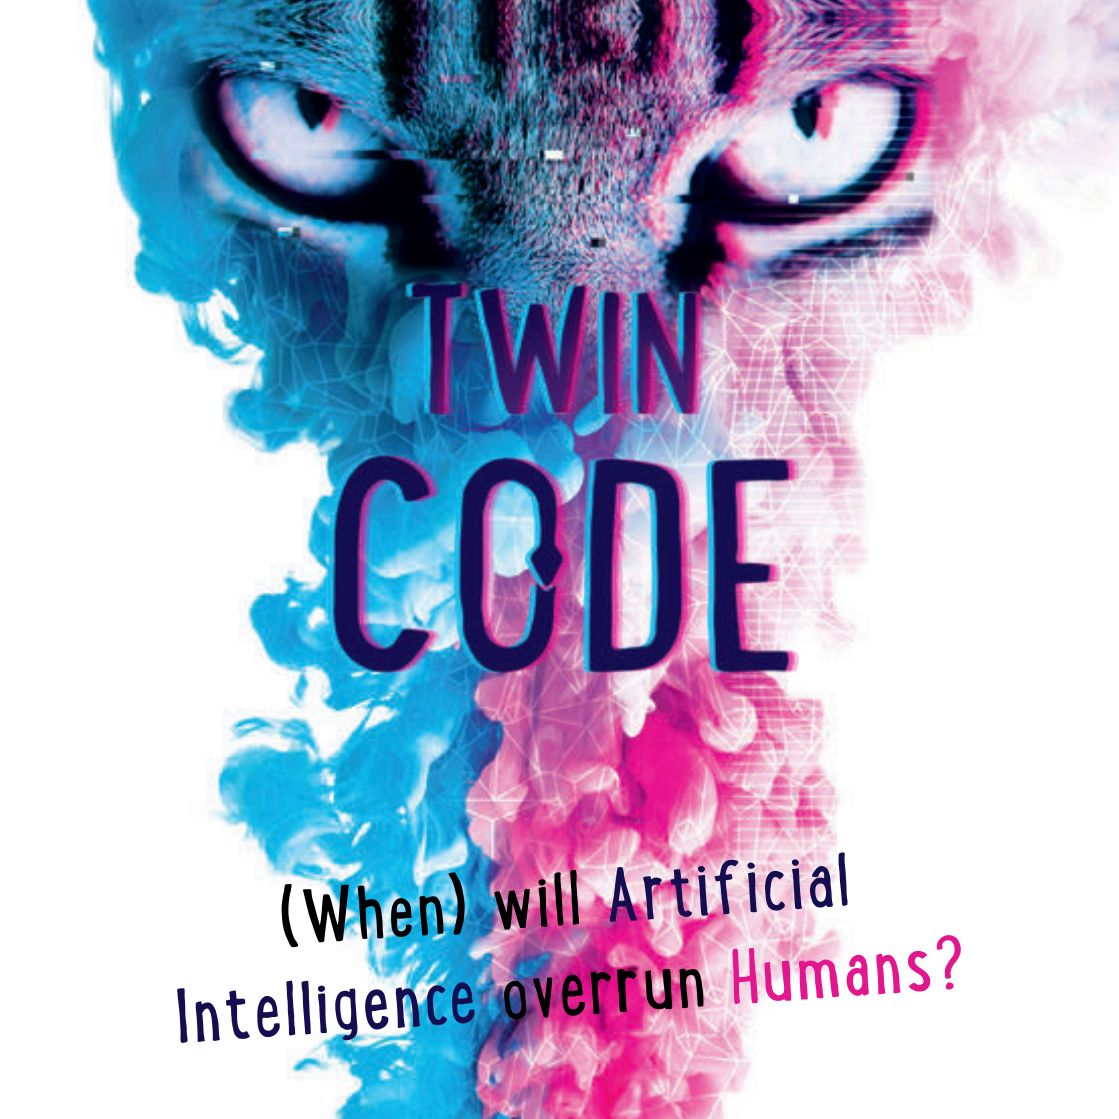

Human beings are imperfect, but machines never make mistakes. After his mother's death, 17-year old Vincent is rated at the lowest level in the social system. That's why he can't go to university and study. And Vincent's father lost their house. Instead of studying, Vincent illegally repairs mechanic animals. When an old Lady brings her broken cat to be fixed by him, Vincent receives a hint to a so-called 'simulation'. An exact digital copy of our world, virtual twins of our gadgets and machines are linked: in the 'Internet of Things'. Even mechanic pets are all around there, but no humans. **Because following the logic of simulations, humans are non-conforming. Thus, we actually are redundant...**
