## Information on Distribution, Co-Editions, and Licensing

We now offer some of our titles as international editions and will continue to expand our range in this regard in the future. These titles, which you can find on pages 5, 7, 8, 9, 13, and 15, use English as the main language for their packaging, but also include the description, warning notices, info on the sustainable production, and where applicable instructions in the following seven languages: **German, French, Spanish, Italian, Dutch, Swedish, and Danish.** The content itself is neutral and therefore universal. We offer these specific titles for distribution.

Please contact us for more information, samples, and prices.

Apart from this new option, we offer co-edition and licensing deals for all of our games. Please note that due to current resource shortages on the market and high printer workloads, production schedules for co-editions are lengthening, but don't hesitate to contact us if you are interested in receiving sample copies, quotes, and possible production schedules.
