Batman, Spiderman and Superman belong to yesterday – here come the Supersquirrels

When a snow-white squirrel, a striped squirrel, a red squirrel, a ground squirrel, a grey squirrel and a flying squirrel meet up in an ice cream parlour, it's obvious that Fate has bought these special rodents together. They gradually discover their ever increasing superpowers (e.g. ice magic, amazing disguises, flight acrobatics and firepower), catch one supercrook after another, solve crimes, dig up hidden treasures, and as a little bonus happen to save the world. They rescue the town park, which is the home of all the squirrels (Vol. 1), and solve the mystery of the dinosaur bones that have been stolen from the Natural History Museum (Vol. 2). They not only put Superman, Batman and Spiderman in the shade, but they find something very precious for themselves: true Superfriendship.

In their very first case, the Supersquirrels, the coolest detectives in town, come up against some real live Supercrooks. A beautiful old tree in the town park has been cut down. Who is behind this vicious crime? Suspects include not only the gang of Redpaw Rotters and their nasty chief Big Red, but also the Beavers, who are just as wicked. One thing is certain: the town park, home to so many animals, must be saved! With their combined superpowers, the Supersquirrels set out on their quest to find the evil culprits.

Welcome back to the exciting world of the oracles!

Philine comes from a very special family: her grandmother and her mother have the gift of seeing into the future. Sitting in her little garden house, Grandma Otilie receives visitors from far and wide who come to seek her advice, while Philine's mother not only creates beautiful bouquets in her flower shop, but also uses the petals to foretell the future. And eventually Philine herself learns that she will become an oracle as well. From that moment onwards, she takes every opportunity to practise the art. She even uses her magical gift at school. But of course she has to do it secretly, because trainees must stick to very strict rules until they have learnt all there is to learn about the art of prophecy. But patience is not one of Philine's virtues! Especially when the nasty crow oracle Ravena De Vere is hatching evil schemes and at the same time, is chasing a cheeky wild piglet all round the coastal town where they live. Philine's neighbours are furious that the piglet keeps breaking out of its enclosure and causing chaos wherever it goes. But in actual fact, Philine and her friends Charlotte and George think it's rather sweet, and all it needs is somebody nice and kind to look after it. The three of them decide to do all they can to help the sweet little creature. And that leads to even more chaotic chaos!

- A perfect mixture of humour and excitement.

Secretly sinister, sparkingly superb! Gossip and more gossip!

A series about the mysteries, secrets and stormy teenage dramas at an elite boarding school. If you ever think nothing worse could happen, just ask Lexi Glimmer! Lexi Glimmer is determined to make a fresh start at Sandsgarden. She has even taken over editing the boring school magazine. But as usual, nothing goes according to plan. Of all people, Jack the show-off is her fellow editor, and to make matters worse, people suspect her of having posted some nasty gossip on the blackboard. In order to prove her innocence, she needs to find the real culprit. That is not so easy. She is now up to her eyes in problems. Her life really needs a spoiler alert: "Beware! Chaos ahead!"

Nasty rumours circulating at the elite Sandsgarden Boarding School? Lexi doesn't care anymore. A secret society organizing a big mess at the fountain? None of Lexi's business. She needs to focus on important things. Like whether the school heartthrob Jack is or isn't in love with her. But then Buzz XX turns its attention to Lexi herself. And the secret society won't let go. Nothing she can do! And so in addition to finding out who's spreading all the gossip, her plans now have to include getting herself into the secret society.

Kwiatkowski plus football equals: a gripping read!

Kwiatkowski, the hero of our series, is a 9 year old boy whose hobby it is to solve crime stories. He constantly chews chewing gum (but only a certain brand as this helps him thinking) and never takes off his cap with a huge K (as for Kwiatkowski). The cap only comes off when he takes a shower; it provides his brain with the adequate operating temperature that helps him to solve his many cases.

Actually, Kwiatkowski doesn't want to have anything to do with soccer because this game is not worthy enough for a most successful detective! But then Jana asks for his help: there is something cooking at FC Elderberry Path which smells pretty foul... It doesn't take Kwiatkowski long to find three fishy bones. But to solve the case, he himself has to impersonate a goalkeeper!
